

Introduction of Rate Activity Page on AIPSO.com

Providing information in a more efficient and user-friendly manner, a library of approved rate changes and exhibits displaying approved rates will be uploaded to the new **Rate Activity** page on AIPSO.com. **Effective April 3, 2017, the current AGN electronic distribution method will no longer be in effect. All rate approvals will be announced via uploads to the Rate Activity page instead of AIPSO.com's Circulars page.**

Beginning April 3, 2017, registered users can access the new Rate Activity page by clicking the **Rate Activity** link under the **For Registered Users** header on the left-hand side of AIPSO.com's home page.

If you have already registered on AIPSO.com to receive alerts to AGN circulars, no further action on your part is needed. You will now receive alerts for new content posted on the Rate Activity page.

Registered AIPSO.com users who wish to receive alerts for approved rate changes must sign in to AIPSO.com and access the Email Alert link under the For Registered Users header on the left-hand side of the home page. Once on the Email Alert page, select "Rate Activity Email Alerts." If you are not already registered for AIPSO.com, you can register by visiting www.aipso.com and clicking the Register link on the top right hand side of the home page.
